

CATCH MAN AFTER TEN BLOCK CHASE

From Postoffice to Tenth
and Main, Detectives
Ran After Suspect

After a sensational chase of almost 10 blocks through the business district, Fred Holmes, who, it is alleged, by the police, attempted to steal three Buick cars, one after another, was arrested by Detectives Ernest Goode and H. R. Boyd at Tenth and Main about 8:30 o'clock last night.

At police headquarters where he was taken, Holmes is said to have confessed to trying to steal three different automobiles all of which he failed to start any of them. The detectives asserted that he had watched Holmes try to start the cars and that they were sure of their "catch" several minutes before Holmes saw the detectives and ran.

It happened that all three of the cars were within half a block of the postoffice, one belonging to F. M. Mishell, an attorney, having been seized for arrest, the detectives returned to Third and Boulder and another narrative of night police work comes to light.

Three men met near Third and Boulder about 9 o'clock last night, unknown to them, Detectives Ernest Goode and H. R. Boyd, watched while the three walked to a 1920 Buick automobile standing opposite the postoffice. Two of the men attempted to unfix a spare tire attached to the automobile, the detectives said later.

The detectives made themselves known and arrested all three of the men. At the police headquarters they gave the names of Cecil Whitlock, Fred Matlock and Claude White and said that they were taxi drivers. When questioned by Police Captain L. D. Hewley all three are said to have admitted that they had intended to steal the tire.

DON'T NEED WARRANT

Enforcement Officers Not Required
to Use Revolvers in Raiding
a Place.

CHICAGO, March 7.—Search warrants are not needed by prohibition enforcement agents who investigate saloons supposed to be violating the prohibition law. District Attorney Clyne said tonight in a statement explaining his dismissal of cases against two saloonkeepers arrested by agents from the office of Major A. V. McMinn, prohibition director of the west.

"I asked that the cases be dismissed because the affidavits presented by the saloonkeepers indicated that the agents entered the saloons with drawn revolvers and apparently had used unfair tactics in obtaining their evidence," Mr. Clyne said.

"Only a few counties in Oklahoma are without farm agents," said Mr. Wilson, "and reports show that 1920 will be a great year with the Oklahoma farmers, who are not only appreciating, but cashing in on the cooperative work being done for them."

New Revolver Named.

LITTLE ROCK, Ark., March 7.—Col. Louis A. Lagarde, medical corps, United States army, retired, died today of an apoplexy stroke on a train from Chicago where he attended a meeting of the national board of medical examiners. The body was brought here by Surgeon General W. C. Braisted, who was accompanying him.

"Only a few counties in Oklahoma are without farm agents," said Mr. Wilson, "and reports show that 1920 will be a great year with the Oklahoma farmers, who are not only appreciating, but cashing in on the cooperative work being done for them."

Tulsa Business Man Tells of His
Views on Religion.

Following the principles of Jesus Christ in business and everyday life, Mr. Kramer, Tuesday, Wednesday, Friday and Saturday, well as Sunday is what it means to be a Christian," said Richard Heilbron at the Y. M. C. A. forum Sunday afternoon.

"Prayer may be used by the Christian to accomplish anything which has a worthy purpose. It is a known fact that the Cincinnati Reds won the championship through prayer, so he can be sure that he will be answered by a Christian without taking Christ into consideration."

Mr. Heilbron said that the true Christian life was a life of service and self denial. The Christian life cannot develop to its fullest extent until one becomes identified with his church, he stated. "The Christian derives his greatest pleasure in the knowledge that he is right and that he knows God."

Following the forum the usual social hour was held in the lobby, attended by many young people.

RESUME RUSS TRADE?

League of Nations Commission to Study Soviet—May Mean Favorable Report.

TELLS WHY ARMY GOES TO TURKEY

Proposed Control Is Not Occupation Says Dispatch.

WASHINGTON, March 7.—Virtual peace has been reached by the American government, it is said to permit resumption of trade relations with soviet Russia as soon as the allied governments have outlined a definite policy.

The first step by the allies toward resuming commercially with Russia since the decision January 17 to permit trade with the Russian co-operatives, was the appointment last week of the appointment of a commission to be sent there to study the situation and report to the League of nations council. Whether the United States will act upon the invitation of the allies to send a representative is yet to be uncertain.

It is asserted that the commission will return as soon as the

commission has returned and reported, probably early in the

spring.

The idea of the conference is to impress upon the Turks that the world will not tolerate massacres, such as those of the Christians in Cilicia. This month this has been successfully transmitted through threats from the conference that unless the massacres ceased the peace terms of Turkey would be much more severe than otherwise and now the allies plan to make some sort of a military demonstration at Constantinople. Just what form this shall take is understood to not have been decided, but a specific date is expected, an agent Britain, France and Italy, agreed that such action is necessary to save hundreds of lives.

The allies have enough troops to force action, but the allied premiers are believed to be convinced that necessity will not arise. They are of the opinion, it appears, that when the Turkish government finally comes to the conclusion that the allies are serious, the situation will be considerably clarified.

Some reinforcement for the allied troops in Turkey arrived this week, and more will follow.

TOKYO, March 7.—The cabinet has approved the withdrawal of the Japanese troops from Siberia. In April, after the reparation of the Czecho-Slovak contingents have been completed, it is expected that the Czech will be on their way home by March 26.

Newspaper dispatches from Tokyo received in Honolulu said that the Japanese government had decided to abandon its Siberian expedition.

LONDON, March 7.—Large forces of Bolsheviks have opened an offensive against the Poles on both sides of the Prripet region, says a dispatch in the Central News from Berlin. The dispatch adds that the Poles report the enemy was repulsed with heavy losses.

Some reinforcement for the allied troops in Turkey arrived this week, and more will follow.

FRENCH REVISE LOAN CLAUSE

Inability of France to Approve Meas-

PARIS, March 7.—The instructions sent by the French government to its delegates at London regarding the inability of France to accept in its entirety the proposed economic declaration of the allies, with the proposition that a loan be made to Germany guaranteed by German assets in priority to reparations payments, have resulted in the revision of that document, according to the original question as long as this situation obtains at Piume.

The military insurrection of d'Annunzio and his bands at Piume, said the premier, has created an illegal and abnormal situation, both for Italy and ourselves. It will be impossible to reach a solution of the Adriatic question as long as this situation obtains at Piume.
